

The Tobacco Control Training Collaborative's 2022-2023 Videoconference Series takes place over the course of four months and focuses on a single overarching question:

How can we strengthen and expand our approaches to commercial tobacco prevention and control as we address health disparities and promote health equity?

**Shifting an Equity Lens to our Data Practices: Data Disaggregation
A Collaborative Webinar with Asian Pacific Partners for Empowerment, Advocacy and Leadership (APPEAL)**

March 7, 2023 3:00 – 4:30 PM ET

Register for this videoconference: <https://us02web.zoom.us/meeting/register/tZcvfu-gqTspG9yWuwoM5HdPclKTm4qqSnHz>

Learning Objectives

By the close of this video-conference, participants will be able to:

- understand the link between data disaggregation and health equity;
- explain possible policy-based solutions related to data disaggregation; and
- advocate internally for increased support of disaggregated data to drive decision-making and resource allocation to address commercial tobacco control-related health disparities

Moderator

Rod Lew, Executive Director, Asian Pacific Partners for Empowerment, Advocacy and Leadership

Welcome Remarks

Ana Penman-Aguilar, PhD, MPH, Chief Science Officer and Associate Director for Science, Office of Health Equity, Centers for Disease Control and Prevention (CDC)
